

§ 292.46

ivers are involved, the authorized officer may impose such additional terms and conditions as may be necessary to protect and enhance the values for which the river was designated.

(c) The use of motorized and non-motorized rivercraft is subject to all federal and state boating registration and safety laws.

(d) The use of motorized or non-motorized rivercraft on the Snake River and that portion of the Salmon River in the HCNRA administered by the Forest Service requires prior written authorization from the authorized officer.

(e) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer must reasonably accommodate both private and commercial users of each type of rivercraft.

(f) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer must ensure that the carrying capacity of the river is not exceeded.

(g) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer shall seek to minimize, where practicable, conflicts between motorized and non-motorized rivercraft users and between both types of rivercraft users and all other users of the river.

§ 292.46 Timber harvesting activities.

(a) *Other Lands.* The standards and guidelines of this section apply to timber harvesting activities in the Other Lands category of the HCNRA.

(1) Timber may be harvested only to protect and enhance ecosystem health, wildlife habitat, or recreational and scenic uses; to reduce the risk of harm posed by hazard trees; or to respond to natural events such as wildfire, flood, earthquake, volcanic eruption, high winds, and disease or insect infestation.

(2) Where authorized, trees may be harvested by selective cuttings. Openings created by the timber harvesting activity must be limited in size and number to the minimum necessary to accomplish the purpose of the harvest, and must blend with the natural landscape to the extent practicable.

36 CFR Ch. II (7–1–02 Edition)

(b) *Wild and Scenic Rivers.* The following standards and guidelines apply to timber harvesting activities in the Wild and Scenic Rivers category of the HCNRA.

(1) Timber may be harvested on river segments classified “scenic” or “recreational” to protect and enhance the values for which the river was designated.

(2) Timber may be harvested on river segments classified “wild” only when necessary to provide for recreational facilities such as trails, to reduce the risk of hazard trees, or to respond to natural events provided that the activity is consistent with the Wild and Scenic Rivers Act.

(3) Where authorized, timber harvesting activities on wild and scenic rivers may be conducted in accordance with and using the same methods as prescribed in section (a)(2) above.

(c) *Wilderness Lands.* Except as provided for in Sections 4 (c) and (d) of the Wilderness Act and regulations at 36 CFR part 293, timber harvesting is prohibited on Wilderness Lands.

§ 292.47 Mining activities.

(a) *Other Lands.* The standards and guidelines of this section apply to mining activities in the Other Lands category of the HCNRA.

(1) All mining activities are prohibited subject to valid existing rights as of December 31, 1975.

(2) The impact of mining activities including, but not limited to, drilling and the development of ingress and egress routes, must be minimized and directed away from Wilderness Lands and Wild and Scenic Rivers to the extent practicable.

(3) Mineral materials including, but not limited to common varieties of gravel, sand, or stone, may be used only within the HCNRA for the purpose of construction and maintenance of facilities including, but not limited to, roads, airfields, trails, and recreation developments.

(4) Sources of mineral materials should be located outside the HCNRA. Sources for mineral materials that may be used to benefit the HCNRA may be located inside the HCNRA if the cost of obtaining the materials outside the HCNRA adds significantly to
